Manufacturers of High Quality
Industrial Garments

ABOUT US

SANCTUM WORK WEAR PVT LTD

Company Profile & Introduction

Over the years, industrial work wear users have become increasingly aware of the need for safer industrial work wear and even the authorities are trying their level best to maximize the quality of industrial work wear by implementing an effective quality management programme. In an endeavour to make quality work wear, SANCTUM WORK WEAR PVT LTD, an ISO-9001: 2008, was established in the year 2000. The progressive manufacturer has carved a niche for itself in today's competitive scenario by offering unmatched product line of industrial work wear. Today, the company is the most preferred destination for procuring unmatched Industrial Safety Work wears.

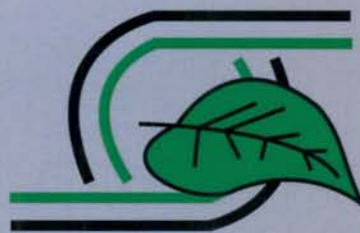

WHO WE ARE

We are professionally managed by a group of professionals having in-depth expertise in this discipline. Our products are manufactured as per internationally accepted norms and practices that aid in facilitating smooth and efficient production. Every product manufactured at SANCTUM WORK WEAR PVT LTD, matches perfectly with Indian climatic conditions and is capable of rendering years of capable services to our valued clients.

Our Quality

Strictly committed to deliver the best range of products, we, at SANCTUM WORK WEAR PVT LTD, follow strict quality control procedures at every level of our process to ensure flawless production. All our products are manufactured by employing the finest quality of raw material, which is sourced from the reputed manufacturer of the market. We have a well-equipped R & D wing, which is powered with innovative workforce and modern technology to innovate most advance range of products that suits Indian climatic conditions. Our commitment towards quality and client satisfaction provides us an additional edge over the other players in similar arena.

OUR FEATURES

SANCTUM WORK WEAR PVT LTD

OUR FEATURES

Timely Delivery

We know the importance of time in today's business scenario. Thus, a proper inventory control system is maintained that enable us to ensure smooth and efficient flow of goods to the market. We are capable of feeding bulk demand in the shortest possible time frame.

Infrastructure

We possess state-of-the-art-technology and hi-tech machines, which yields excellent results and ensure efficacy and quality of products. Our company has its own sophisticated plant to manufacture high quality products with an ever-increasing annual turnover. Our Research and Development department is making indefatigable efforts to meet the expectations of our clients by engineering innovative products. We have in-house testing facilities to ensure that best of materials go into producing products with expected durability.
